They wondered why 'Avrupa' (Europe) became 'Afrika' (Africa)...

Students from German-Cypriot Exchange Program that is linked to German Socialist Youth Movement visited our newspaper yesterday. They took information about our newspaper and Cyprus. One of the topics that they were most interested was the reason of 'Avrupa' becoming 'Afrika'. The students asked: "Could it be also 'Asia'?" Sener Levent replied that it could be also "Asia" or even "Ocean". The students will be camping until 2nd August in Lapta.
